

# FINGER ART

Prepare to get your hands dirty

## YOU WILL NEED

Finger paint set, paper, pens, pencils, 10 fingers and your imagination.

## DIRECTIONS

1. Dip your fingers in the finger paint and lightly press against paper
2. Use a black ink pen or pencil to draw details (for smaller animals use your pinky, for bigger ones use your thumb and make it just right)

# HAT-A-TAT-TAT!

## Ready to wear

Create a hat for your pet and post a video of them for the #Pussinboots lookalike contest.

## YOU WILL NEED

8.5 x 11 black and red construction paper

Hot glue gun

Scissors

Ruler

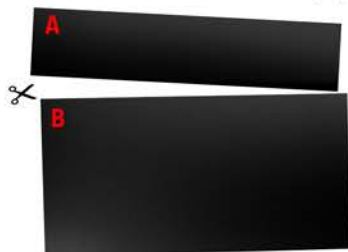

Feather

## DIRECTIONS

With a pair of scissors, safely cut construction paper.  
 (see diagrams below)

1. Cut 1/3 of black construction paper.

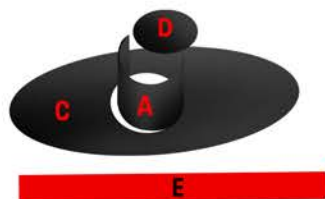

2. Cut out an ellipse.

3. Cut a circle out of the center of ellipse.

4. Take A and curl into a cylinder shape.

5. Use glue gun to put your hat together, and don't forget the feather.

# FORGE YOUR DESTINY

Create your sword and take it with you on your next adventure

## MATERIALS

Cardboard tube  
Aluminum foil  
Scissors  
Hot glue gun  
Decorations such as stickers and gems (optional)

## DIRECTIONS

1. Flatten one end of the cardboard tube and make it pointy.
2. To make the hilt, cut a hole in a strip of cardboard.
3. Slot the end of the cardboard tube through the strip.
4. Bend the strip and glue it to the bottom of the cardboard tube.
5. Wrap the "blade" with aluminum foil.
6. Decorate to make it your own!

# MAKE A PAPER PERRITO

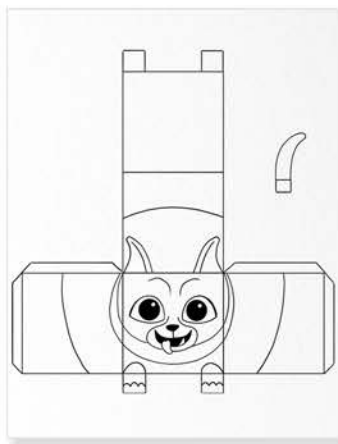

Watch the bonus feature *How to Make a Paper Perrito* and see this activity come to life!

## YOU WILL NEED

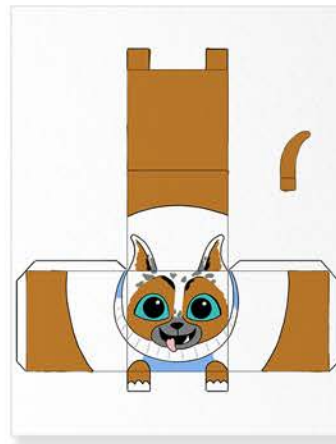

Cardstock or thick paper  
 Scissors  
 Gluestick  
 Colored pencils  
 Felt tip pen or marker  
 Pencil  
 Ruler  
 Googly eyes (optional)

## DIRECTIONS

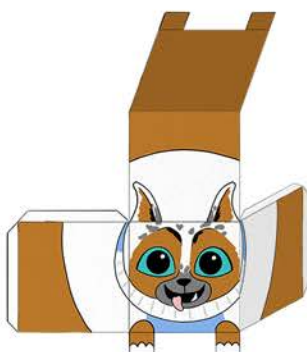

1. Using the template on the next page, draw Perrito following the guide below.

2. Color Perrito. Make him extra wacky by adding googly eyes!

3. Using scissors, carefully cut out the template. Fold along the lines and flaps to make a cube.

4. Apply the gluestick to the flaps and firmly join them to the edges to create your cube. And last but not least, glue on his tail.
